Additional note/request:

----- Cut here and include the section above in the package -----

Shipping instruction:

- Make sure padding is at least 1 inch all around the equipment.
- Make sure the box is filled up with packing material. One layer of bubble-wrapping alone can't protect your equipment against impact! Always use cardboard box, Do NOT use bubble envelope alone!
- Fedex, UPS, USPS are all acceptable. USPS Priority Mail is quick (2-3 business days).
- Buy "**Signature Confirmation.**" This is EXTREMELY IMPORANT.
- Let me know when to expect your equipment and provide me with a tracking number!

----- Fold here to make shipping label! -----
